Friday 31st March

Spelling Bee

Tuesday 28th March

Break up for Easter

Friday 31st March

In the News this week.....

The School Council visited parliament on Tuesday. They learned about how laws are made, had a tour of the building and saw a few famous faces. **Children from year 6 visited the Junior Citizen scheme on Tuesday. They took part in workshops designed to teach them a range of life skills and make them aware of what they can do to help themselves and others to lead a healthy and safe lifestyle.** Year 5 children had a Design and Technology workshop at Cardinal Pole school. They made some fabulous keyrings and had a tour of the school. Well done 4S and 5S. Your sharing assemblies were fantastic.

If you think that you may be eligible for free school meals please click [here](#) to check

Celebrating Success

In assemblies on Friday we celebrate all of the children. There are awards for different areas of the curriculum and Stars of the Week certificates for children who are consistently observing our 3 school rules and being **READY, RESPECTFUL** and **SAFE**. Photos of certificate winners are shared on our website, on Instagram and on Twitter each week

Climate Resilient Schools Programme

You will have seen our lovely planters that were funded by the Mayor of London. Our aim is to reduce flooding and to make our school grounds more climate resilient. They will also encourage wildlife. This is part of learning that all of our children do about our climate and how we can save water.

Question of the week

What makes a good friend?
